TEO TASHABOS EXHIBITION BACKGROUND

Exhibitions of Tashabos student-entrepreneurs' products is one of Tashabos three major activities (Tashabos teaching, Tashabos student-entrepreneurs' products' exhibitions, and business proposal competitions) TEO implements. The objectives of exhibitions are to encourage students to become self-reliant, create opportunities, attract markets for their products, experience sales, and showcase their abilities. The Tashabos students are expected to be creative and show innovation in their entrepreneurial efforts.

Exhibitions in Tashabos schools encourage students to use the Tashabos knowledge, skills, attitude, management and leadership they learn, become entrepreneurs and invest in an enterprise. They raise the students' self-confidence and help them develop through learning additional skills such as marketing and communication. Younger students visiting the exhibitions are also inspired to study the Tashabos curriculum to gain the skills and confidence, and create their own businesses and become entrepreneurs.

MARIAM GIRLS HIGH SCHOOL TASHABOS EXHIBITION

TEO in collaboration with Mariam Girls High School (GHS) organized a Tashabos student-entrepreneurs' products' exhibition on Tuesday, June 20, 2019. The exhibition was arranged on the open ground of the school with larger number of participants and around 54 exhibition tables. The young entrepreneurs placed their products on tables, all labeled with prices. Other students and teachers came to the market as customers to browse and buy items they liked and needed.

TEO always invite nearby district educational directors and supervision members of every schools to visit and see practical efforts of students. Fortunately, Ms. Nazo Barakzai, Supervision Head of District 11 with her two supervision members, Ms. Razia, Zarmina and Ms. Naheed attended the exhibition and talked with students, appreciated their works and efforts.

TEO also invited media as well to cover and broadcast the program highlighting Tashabos student-entrepreneurs' skills and efforts that Educational Radio Television (ERTA) accepted TEO invitation. The ERTA reporters/TV crew came, filmed and covered the program as well as interviewed the students. TEO program officer in her interview introduced Tashabos program and provided detailed information to the TV crew on the interesting component the Tashabos student-entrepreneurs' products' exhibition.

The Tashabos student-entrepreneurs in the Mariam Girls' High School, displayed the following products:

Afghan dresses, clothes, woven products such as baby shoes, cloths, hat, gloves, handicrafts, bed sheet's covers, decorated materials, arts, and foods stuff such as chips, juice, Samosas, Manto, sweets and pickles. The Tashabos teachers and school administration were key to the well-organized exhibition. In the exhibition, around 200 Tashabos student-entrepreneurs' participated. The exhibition helped the students-entrepreneurs to experience market and they were able to sell their products worth AFN. 28,640.
